# **VITLIFE**

***COMMERCIAL REFRIGERATION LINEUP***

---

## ***About Us***

***As a Food Service Establishment Owner and Professional, what do you lose sleep over: Equipment breakdowns or malfunction as that drives a wedge in the smooth operations of any restaurant, cafeteria, canteen, mom & pop store or supermarket . That' s where VITLIFE Commercial can play role of a trusted partner for you***

***VITLIFE Commercial is established by senior leaders in Industry and we have spent our entire life taking care of our customers. For us, your wish is our command. Professional product line that delivers when you need them most . Unrelenting durability and reliability, including Reach in Refrigerators & Freezers , pizza tables, chef bases , under counters , prep tables, Uprights, back bars , Merchandisers. You name it we have it***

***Our promise comes from who we are----- World class manufacturing facilities, state of the art equipment, leading product designers, laser focus on product innovation and quality, highly dependable logistics and order fulfillment processes which has led to strong global market presence and success in both mature and developing markets***

***All of this is possible through amazing teamwork where everyone is committed and contributes to your success. From shop floor operator to warehouse handler to our local technician and service partner , we leave no stone unturned in producing and bring to you best in class products which serve you wherever they are installed***

***We look forward to serving you in our best capacity as your success is our success***

---

# Reach-in Solid Door Refrigerator - Top-Mounted Series

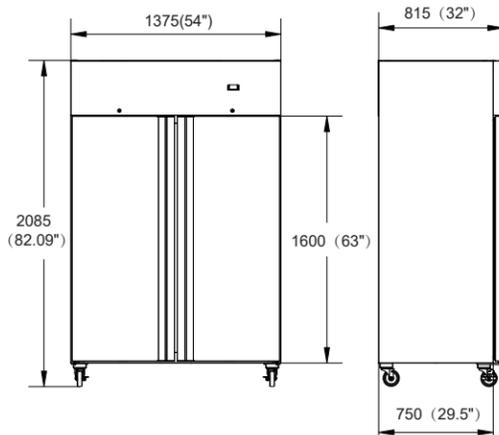

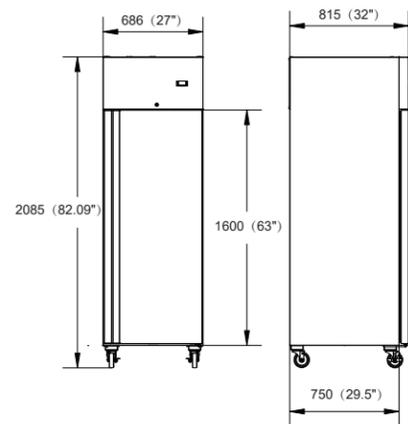

- Stainless steel interior and exterior, Galvanized sheet back.
- Refrigeration system keeps food at safe temperature between 33°F and 41°F (0.5 °C to 5°C).
- Self-Closing doors with 90 degree stay-open feature.
- Locks and keys included.
- Shelves: Adjustable heavy-duty epoxy coated shelves.
- Option of different handles & control panels available.
- Electronic control system makes it easy to adjust temperature set point and defrost frequency.
- Pre installed heavy-duty casters with brakes.
- New circulating air system, new designed air duct make the little temperature difference between top and bottom, better cooling efficiency
- EC fan motor, lower energy consumption, less noise, higher efficiency.
